

**To add smart icon for TrakTime Mobile from the Apple iPhone or iPad device:**

1. Open Safari browser
2. Enter TrakTime Mobile website link (<https://ttweb.cli-usa.com:4343>)
3. Tap on the **Share** button of the browser window. Then tap on **Add to Home Screen** button

4. Click on **Add to Home**

5. You will be taken back to your iPad's home screen, which now contains a new icon mapped to the TrakTime Mobile web page. If you ask Safari to remember your passwords, the TrakTime Mobile smart icon will log you in automatically.
